Join TfGM for an interactive briefing session on how Greater Manchester can provide funding through national bidding to help with electric vehicle purchasing and lowering running costs.

The morning event will:

- Introduce the overview for taxis/private hire vehicles in Greater Manchester and opportunities for operators
- Explain the bid process and how you can help improve our chances of winning
- Explain how funding can be gained and how it may work to lower costs for drivers and operators
- Host a panel session for questions
- Provide a vehicle display demonstrating electric vehicles for taxi / private hire usage
